

I am an XM radio subscriber and I believe that XM Radio should be allowed to broadcast anything allowed under the law. If any radio station can provide news, traffic and weather, then XM radio should also be allowed to provide these same public services. Therefore, I respectfully request that you REJECT NAB'S petition 04-160. If other stations or media outlets want to broadcast instant traffic and weather, then they should bwe allowed, but don't stop an opportunity by forward thinking people to satisfy their customers.
